

# Serenity™ series

15-30 cm  
6-12 inches  
60-70 cm  
24-28 inches

*Verbena x hybrida*

15-20°C/ 59-68°F 15-20 days 900-1,100 sd/g

- Serenity Mix is an excellent mix of pastel lavenders, white, carmine red to pink
- Now a separate color, Pink, is available
- Its deeply-cut fern-like foliage is dark forest green
- In cool climates it will stay dwarf, producing a carpet
- In warmer areas the Serenity series will be a perennial
